A note from the owners:

We have always wanted to live in a National Park. We have spent 11 years here in the middle of Marramarra National Park where serenity is second to none. We are 15 minutes' drive to Woolworths, the GP, the chemist, the caf, school and yet from the backyard have uninterrupted views over the hills to see the top of Sydney Tower on the horizon and during the night, there is a stunning sky full of stars
